

HELPING HANDS

Activity Type:

Community
service /
Volunteering

Date:

October 2021 -
Present

Referee:

Ms. Aygin at the
English School of
Kyrenia

Description:

The Helping Hands is the community service club of our school. It is focused on improving the quality of life for local residents and bringing the community together. I do voluntary work such as helping sales and brainstorm to raise money. I am also responsible for managing the facebook page of our club and any other computer related work. Some things I have done are for example creating forms for registration and hosting online auctions to raise money. This has boosted my overall mood by a lot.
